Apollo Safety expands tech services division

DATELINE: FALL RIVER, MASSACHUSETTS

Apollo Safety, Inc. a veteran-owned, Fall River, Mass.-based company specializing in safety products and services, recently announced its intent to expand its technical services division in 2015. The expansion will include additional technical services staff to upgrade coverage in the greater Boston area.

“Our gas monitoring equipment and monitoring services are very much in demand at colleges and universities, hospitals and medical facilities. Boston has more of those than any other area in New England,” said John V. Carvalho III, president of Apollo Safety, Inc. “We’re looking to hire more techs of all skill levels to give us even better coverage in the greater Boston area.”

Apollo Safety is currently recruiting service technicians of all levels for gas detection instrumentation and systems. Technicians perform and provide calibration, repair, installation, troubleshooting and documentation of instruments and process control systems and equipment, as well as being expected to interpret electrical schematics, I/O wiring and panel drawings.

“All our technicians are factory-trained for both portable and stationary gas detection systems,” said Carvalho. “We also have our own proprietary training program with five levels of certification.

Salaries for technicians are competitive with health benefits available for full-time staff. To apply, interested parties should send a resume and cover letter to John V. Carvalho III, Apollo Safety, Inc., 57 Walnut Street, Fall River, MA 02780. Resumes and cover letters can also be e-mailed to John@apollosafety.com.

About Apollo Safety

Apollo Safety has been serving the safety industry since 1995 and is an efficient, trusted company that minimized potential liability for its customers while ensuring a safer public. Apollo Safety specializes in gas detection products and services for portable and stationary systems. That includes gas detector sales and support for most major brands of gas detection device manufacturers. Apollo Safety also provides service in a "state of the art" in-house service center, as well as offering on-site support with factory-trained technicians for both portable and stationary gas detection systems.

Veteran-owned, Apollo Safety, Inc. is trusted by facilities managers, building owners, landlords, universities, hotels, institutions, and government operations. Apollo Safety is a member of the National Safety Council, National Fire Protection Association (NFPA), Rhode Island Fire Chiefs Association (RIAFC) and the Fire Chiefs Association of Massachusetts (FCAM).

Apollo Safety's corporate headquarters is located at 57 Walnut Street in Fall River, Massachusetts. For more information on Apollo Safety products and services, please call 800-813-5408 or visit www.apollosafety.com.
